### MANAGEMENT DISCUSSION AND ANALYSIS REPORT

#### a) Industry Structure and Developments

Keeping in view the vital role played by the Jute Industry in the livelihood of farmers and workers, Government has been taking continuous measures for protecting jute sector. Significant steps has been taken by the government include extension of the mandatory packaging norms, promotion of jute diversified products like launching the Jute CFC scheme, promotion of jute geo textiles, MSP operations through JCI etc.

Merchandise Exports from India Scheme (MEIS) introduced by the Government of India during last year which inter-alia provides rewards for export of Jute Goods in the form of duty free scrips of 5% of realised FOB value in free foreign currency on all jute products exported out of India continues. Likewise, various

## **THE GANGES MANUFACTURING COMPANY LIMITED**

schemes being implemented by National Jute Board for workers' welfare, scholarship scheme for children of jute mill workers, export market development assistance scheme and incentive scheme for acquisition of plant and machinery also continues.

On the other hand, the Industry experienced historical rise in prices of raw jute to a level which is unprecedented and highest, triggered as a result of shortage of raw jute coupled with ban on export of raw jute imposed by Bangladesh. The shortage of raw jute was due to poor crop which resulted on account of unfavorable weather and climatic conditions.

In order to handle the crisis, Government has been taking several measures including stipulation of stock limits for holding raw jute, persuading Bangladesh to lift the ban on the export of raw jute. As a long term measure to improve availability of raw jute, it is sine qua non for the Government to take appropriate steps for improving area, production and productivity of raw jute.

### **b) Opportunities and Threats**

#### **Opportunities**

- i) Awareness to use eco-friendly, bio-degradable jute goods across the world will keep jute goods always in demand.
- ii) Being a natural, renewable, biodegradable and eco- friendly product, Jute is suitable for minimizing the ecological problems that are increasingly visible due to non-biodegradable toxic waste generated out of synthetics like HDPE/PP etc.
- iii) Steps taken by the Government of India to assist the jute mills to upgrade old/obsolete machineries and to promote jute diversified products will provide opportunity to increase market of jute goods.

#### **Threats**

- i) Continuous increases in wage cost due to upward revision in base rate as well as dearness allowances is a major threat in view of the labour-intensive nature of the Jute industry.
- ii) Farmers are allured to take up agricultural activities other than jute which result in poor jute crop. As an agriculture product, availability of raw jute depends on the vagaries of nature. Adverse weather conditions may adversely affect raw jute pricing and availability.
- iii) Dilution in Jute Packaging Material (Compulsory use in packing commodities) Act, 1987 (JPMA) leads to use of alternate synthetic products of packaging of food grains and sugar.
- iv) Hard work required in Jute Industry drive away new generation of workers to opt for alternate opportunities.
- v) Inadequate Research & Development (R&D) efforts and the dearth of new innovation is a cause for concern.

### **c) Segment-wise or Product-wise Performance**

As the Company's business activities remain with a single primary business segment of Jute goods, the disclosure requirement of Accounting Standard AS-17 issued by the Institute of Chartered Accountants of India is not applicable.

## **THE GANGES MANUFACTURING COMPANY LIMITED**

### **d) Outlook**

Sowing for the new jute crop for the season 2016-17 is presently under process. It is widely believed that weather conditions are likely to remain favourable, yielding a better jute crop than last season. However, movement in prices of raw jute would be governed by the overall availability of raw jute in India including by way of import from Bangladesh which will depend on export policy of the Bangladesh Government.

The phenomenal rise in price of raw jute has pushed the jute goods prices upward and made them uncompetitive both in domestic and international markets. Consequently, the demand of jute goods other than government orders has been severely affected, leading to loss of domestic market as also the loss of export orders.

Export markets remaining sluggish, traditional jute sacking products will constitute major share in the Company's revenue. The Company endeavours to control other input costs in all possible manners.

Looking to the above scenario, the outlook for the current year does not appear to be promising.

### **e) Risks and Concerns**

The key elements of business risks identified by the Company and its mitigation measures are as under

- **Competition risk and mitigation measures**

There is a strong competition from Bangladesh in the international market. The cost of labour and power in India are significantly higher than Bangladesh. As a result, the price quoted by Bangladesh in the global market cannot be matched by Indian jute manufacturers. Moreover, current high prices of jute goods have made them uncompetitive in domestic markets as against other packaging materials. In order to survive and mitigate the said risk, the Company is making endeavour to improve operational efficiency and cut costs in all possible areas.

- **Economic environment and market conditions risk and mitigation measures**

Despite jute products being environmental friendly and enjoying statutory protection for mandatory use for specified products, alternate packaging materials like HDPE/Polypropylene are used as substitute in the packaging market due to the latter being cost effective. To mitigate this risk of using environmental harmful packaging material and to face competition effectively, the Company is making efforts to increase varied use of jute goods and explore avenues to penetrate into new markets. Besides, efforts are being made to develop lighter products of jute goods.

- **Business operations risk and mitigation measures**

Some of the business operations risks and their mitigation measures are outlined below :

**Revenue concentration:** The domestic market primarily depends on the Government procurement level for packaging of food grains. India remains a residual supplier in the export market which is dominated largely by Bangladesh jute manufacturers. The Company generates revenue from domestic as well as indirect export sales. Few measures being taken to mitigate this risk include innovative usage of jute goods, reach out to potential buyers both in domestic and export front.

## **THE GANGES MANUFACTURING COMPANY LIMITED**

Raw Materials: Availability of raw jute is very crucial for smooth functioning of the mills. The previous season witnessed acute shortage of raw jute. Moreover, Bangladesh imposed a restriction on export of raw jute to India in the later part of the year. The stock built-up was also regulated by the office of Jute Commissioner. Under such difficult conditions, the Company maintained a policy of regular procurement of raw jute in a planned manner linked with production and order position to mitigate this risk. In addition to the above, weight reduction by Government for procurement of B. Twill bags from 665 gms to 580 gms, helped in conservation of raw jute.

Manpower: Inadequate availability of skilled and unskilled workers at various levels of production is a serious concern for smooth operations and good quality of end jute products. The problem is further accentuated with high rate of absenteeism amongst workers. To mitigate such risk, the Company is continuously providing required in-house training to freshers and suitably incentivising good performers from time to time. In order to find long term solution to the problem, it is imperative to focus on modernisation and automation of manufacturing process to the extent feasible.

### **f) Cautionary Statement**

Statements made above in this section of the report with regard to future outlook and performance are based on the prevailing industry scenario and market conditions as envisaged. However, this may undergo changes in future in view of the volatility involved based on weather condition, Government Policy relating to Jute Industry, global situations and market trends.

### **ISO CERTIFICATION :**

The Company has been recertified under ISO 9001:2008 for Quality Management System for all its products which is valid till 8th September, 2017.

The Company has been recertified under ISO 14001:2004 for its Environmental Management System and this certificate is valid till 8th September, 2017.

## THE GANGES MANUFACTURING COMPANY LIMITED

### INDEPENDENT AUDITORS' REPORT

To The Members of The Ganges Manufacturing Company Limited

#### Report on the Financial Statements

1. We have audited the accompanying financial statements of The Ganges Manufacturing Company Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss and Cash Flow Statement for the year then ended and a summary of the significant accounting policies and other explanatory information, which we have signed under reference to this report.

#### Management's Responsibility for the Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

3. Our responsibility is to express an opinion on these financial statements based on our audit.
4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation and presentation of the financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by Management, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

### **ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT**

#### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of The Ganges Manufacturing Company Limited (“the Company”) as of 31st March, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

## **THE GANGES MANUFACTURING COMPANY LIMITED**

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## THE GANGES MANUFACTURING COMPANY LIMITED

### Notes Forming Part of the Financial Statements

#### NOTE 24 : SIGNIFICANT ACCOUNTING POLICIES

##### 24.1 Basis of Preparation of Financial Statements

The Company follows the mercantile system of accounting and recognizes income and expenses on accrual basis. The accounts are prepared on historical cost basis as a going concern. Accounting policies not referred to otherwise are consistent with generally accepted accounting principles and the provisions of the Companies Act, 2013.

##### 24.2 Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principle requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual result and estimates are recognized in the period in which the results are known/materialized.

##### 24.3 Revenue Recognition

Revenue is recognized on completion of contract /delivery of goods.

##### 24.4 Tangible Fixed Assets

Tangible fixed assets are stated at cost of acquisition and subsequent improvements thereto; net of value added tax, rebates, reimbursement, less accumulated depreciation and impairment loss, if any.

##### 24.5 Intangible Fixed Assets

Intangible assets are recognized only when future economic benefit attributable to the assets will flow to the enterprise and cost can be measured reliably. Intangible assets are stated at cost. Cost includes any directly attributable expenditure on making the asset ready for its intended use.

##### 24.6 Depreciation and Amortisation

- i. Depreciation on Tangible Fixed Assets has been provided on straight-line method at the rates determined based on the useful lives of respective assets as prescribed in Schedule II to The Companies Act, 2013.
- ii. Intangible assets are amortised over their estimated useful life.

##### 24.7 Inventories

Method of Valuation :-

- Stock of finished goods - At lower of average cost or net realisable value.
- Stock of raw materials - At lower of average cost or market value.
- Process stock - At estimated cost.
- Stock of stores and spare parts - At average cost.
- Stock of Caddies, thread waste etc - At estimated realisable value.

##### 24.8 Retirement Benefit

- i. Liability on account of Gratuity for employees already retired are accounted for on accrual basis.
- ii. Gratuity in respect of existing employees are determined on the basis of actuarial valuation at the year end.
- iii. Leave Encashment Benefits - Accumulated leave are not generally allowed to be encashed as a matter of policy of the Company. However, in exceptional cases and at the discretion of the Management leave encashment is granted and the same is accounted for on cash basis.

##### 24.9 Foreign Currency Translation

Transaction in foreign currencies are normally recorded at exchange rate prevailing at the time of transactions. Gain or loss arising out of fluctuations in the exchange rates are recognized in the Profit and Loss Statement in the period in which they arise.

Monetary items in foreign currencies at the year end are translated at year end rates. Any gain or loss on account of exchange differences on such translations is recognized in the Profit & Loss Statement.

##### 24.10 Investments

Investments are treated as Long Term Investment and are carried at cost.

##### 24.11 Export Market Benefits

Export Market Benefits are recognised on certainty of realisable value thereof.

### 24.12 Taxes on Income

Provision for current tax is made on the basis of estimated taxable Income for the current accounting year in accordance with the Income Tax Act, 1961. The deferred tax liability for timing differences between the book and tax profits for the year is accounted for using the tax rates and laws that have been substantively enacted as at the balance sheet date. Deferred tax assets arising from timing differences are recognized only to the extent there is reasonable certainty of its realisation in future. Deferred tax assets are not recognized unless there is 'virtual certainty' that sufficient future taxable income will be available against which such deferred tax assets will be realised.

### 24.13 Impairment of Assets

An asset is treated as impaired when the carrying cost of asset exceeds its estimated/ assessed recoverable value. An impairment loss is charged to the Profit and Loss statement in the year in which the asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimated recoverable amount.

### 24.14 Government Grants

Capital Incentives received are accounted for under Income Approach method following the Accounting Standard 12 on "Accounting for Government Grants" issued by The Institute of Chartered Accountants of India. Accordingly the incentives are credited under the head "Deferred Government Grant". The Deferred Government Grant is allocated to income over the useful life of the asset in proportion to the depreciation on related assets is charged and is recognised in the Profit & Loss Statement under the head "Deferred Government Grant Allocation Account".

Reimbursement of expenses for any capital expenditure under any employee welfare scheme is reduced from the cost incurred on the same.
